"Many people who are secretly weary of work have never given themselves time, or taken time out or away from work, to allow their spirits to catch up. It is a simple but vital reflective exercise to give yourself plenty of time, leave all agendas behind you. Let the neglected presence of your soul come to meet and engage you again. It can be a lovely re-acquaintance with your forgotten mystery."

From Anam Cara by John O'Donohue

Our Invitation

Continuing the successful *Write Place™* Series Elaine Patterson and Karyn Prentice from PattersonPrenticeDesigns invite you all to join them for a new two hour reflective creative writing practice Salon called:

Stepping into the Fire of Your Creativity

As we approach the Summer Solstice in the northern hemisphere, we will welcome the extra light at this time of the year. Summer's call is about joy and celebration, laughter and play, partnership and community and the fire of enthusiasm. Much is blooming and ripening and is in the full flush of juiciness.

"A perfect summer day is when the sun is shining, the breeze is blowing, the birds are singing, and the lawnmower is broken."

James Dent

Drawing on the radiance of June to free your imagination and lovingly breathe exuberance into writing from the heart. This is a good opportunity to refresh creative practice as we once again gather together to write in support of who we are as practitioners.

Our Design

Our *Summer Solstice "Write Place™" Salon* will be held on Friday 18th of June 2021 event will be a 2 hour event running twice at both 8.00am and 3.00pm GMT to enable people from all over the world to have the opportunity to join us. Everyone is welcome.

The session will be designed to ground, centre and align with your best self, to engage in some exuberant free writing and will include some discussion in small groups which will include a creative exercise that is playful and joyful. "Writing to *Create!*" is a way to help us to connect on the page with ourselves, and also with each other for wellness and wise working. This is an opportunity to connect and to resource ourselves as we lean into our times – and to be the best we can be for ourselves, our families, our friends, our clients and for our communities.

*"You are so much sunshine in every square inch."
Walt Whitman*
